

Were you there?

Did you travel to Ground Zero on 9/11? The Pentagon? Shanksville, PA? Do you know someone who did?

If you were involved in the rescue, recovery, and clean-up efforts in New York City, the Pentagon, or Shanksville on 9/11 or the following months, or were in NYC at the time you may be eligible for a federal program which provides care.

The WTC Health Program provides medical screening and treatment to those who qualify. A few of the covered health conditions include 9/11 cough, certain cancers, breathing issues, and PTSD.

The FealGood Foundation is traveling the USA, reaching out to those affected by 9/11 and its aftermath, and educating them. Come hear their amazing stories of hope and recovery and learn more about the Program.

April 2, 10:15AM to 12:00PM

Charlotte Mecklenburg Public Library
2157 West Boulevard, Charlotte NC 28208

April 2, 4:00PM to 6:00PM

Charleston VFW Post #5091
4257 Spruill Avenue, Charleston SC 29945
